**Subject:** RE: Administrative Record for VB-I70  
**Attachments:** VBI70.NOIPD.cs.12.4.18.docx

Hi Jennifer,  
Here is some more information on the process:

The deletion docket has the documents relevant to the Notice of Intent to Partially Delete. It is not meant to be a complete administrative record for the site. The RPM and site attorney provide the documents that are uploaded into the docket. HQ also reviews which documents in the docket so that they tell the story of what happened at that OU.

Attached is a copy of the NOIPD that Doug will review and sign. The publication of the NOIPD in the Federal Register opens the 30 day public comment period. Instructions of how to comment on the NOIPD are included within the NOIPD. After the public comment period closes, EPA will review the comments and decide if EPA wants to proceed with the Final Deletion. Either way a Responsiveness Summary to Comments will be placed in the docket. If EPA decides to proceed with the Final Deletion, a Final Rule (Notice of Deletion) will be published in the Federal Register.

Please let me know if you have any more questions,

Linda/Scott - Can you provide some clarity to Jennifer and Jesse on this AR?

Thanks,  
Steve

I checked SEMS for the AR. There are 22 collections identified as AR that are not labeled as final. The 22 collections include various labels that are for OU2. I opened the collections with the largest amount of documents and those identified as AR or ROD. After looking at the files I can't confirm that any of those have all the document types that an AR requires.

Jesse

Can you tell me where is the AR for VB/I-70 OU1? Is it necessary for a deletion? Does the deletion docket include the AR? We have all the significant docs on the website (RI/FS, etc...) but I don't know about the whole AR. I've also got Joan Seaman calling me about it....

Jennifer,  
Is the Administrative Record for the Vasquez-Boulevard - I-70 Site online, and, if so, could you send me a link? Thank you.
